### THE EUROPEAN CHAMPIONSHIP AT ITS GRAND FINALE IN GENK.

The frontrunners of the European Championship, after the end of the Heats, are heading fast towards the finishing line of the last round in Genk, at the Horensbergdam Circuit in Belgium. The facility is hosting, this weekend, the last event of the CIK-FIA European Championship of the OK, OK Junior, KZ and KZ2 categories. Apart from the top drivers - those who are aiming at the title - there is a large number of participants eager to make themselves conspicuous and to achieve a prestigious result. This is another reason why tomorrow's outcome of the race is going to be unpredictable and, as usual, motorsport fans will be able to follow the whole final stage of the round thanks to the live streaming on [cikfiachampionship.com](http://cikfiachampionship.com) and [cikfia.tv](http://cikfia.tv). The live broadcast will start with the drivers' parade. Don't miss the after race special report on Motors TV.
